

Within healthy limits, attending a game at Doak Campbell Stadium is a bonding experience for families and for friends that truly will last way past the credits.

And it's just \$84 for a family of four, two couples looking for something to do, a golf foursome, or four dudes tired of sitting at the bar.

AND THE VALUE DOESN'T END WHEN THE CLOCK STRIKES ZERO.

Whether you are young or old, born here or chose here, attended Florida State or not, there's a pretty good chance Florida State Athletics has had an affect on your life.

AND THAT BINDS OUR COMMUNITY.

The quickest way to make a new best friend is to find an experience or a memory you share in common. Home football game weekends are those moments that become the topic of discussion not only with the friends and family you came with but also within the Tallahassee Community. The weekend fun, the recipes, the big plays, the silly things we do at tailgate parties and during the game, all become the subject of coffee breaks and playground conversation. Suddenly people who were mere acquaintances now have a common frame of reference to build a friendship or a business relationship upon.

Those shared experiences have a way of uniting our North Florida Communities and of transforming Doak Campbell Stadium into a Magic Kingdom . 🌳
